

SilvaClean® Product Evaluation: San Francisco 49ers

Since the kickoff of the partnership with Applied Silver in 2018, the San Francisco 49ers have continually benefited from cleaner equipment/gear and a safer facility thanks to the inclusion of SilvaClean’s germ-killing technology in their laundry cycle.

- Service was initiated during the 2018 pre-season.
- By the end of the 2018 season, **MRSA and Staph** levels on athletic gear and more importantly, the locker room surfaces **were reduced to 0 (>99% reduction)**.
- The same level of **cleanliness and hygiene continues to be maintained** (performance check at the end of the 2019 season).

“SilvaClean’s cutting edge technology not only protects the day to day well-being of our players, it also makes us a healthier overall organization.”

– John Lynch, San Francisco 49ers General
