

Tammy Pahel

VP of Spa and Wellness Operations
Carillon Miami Wellness Resort

"We are proud to partner with Applied Silver to be the first resort to incorporate SilvaClean into our housekeeping service and to treat all linens and laundry items with the revolutionary technology when preparing our accommodations for guests' arrival and throughout their stay."

Graham Siderius

Vice President
Anaheim Ducks

"[SilvaClean's] something that can be scalable across all our wash cycles. It just works. And ultimately it's providing kind of that silent layer of protection. It integrated incredibly well."

Pablo Lucchesi

Managing Partner
Crown Linen

"We are excited to partner with Applied Silver to provide access for our customers to new technologies like SilvaClean that increase and improve the sanitation of linens and other launderable items."

Dr. Trees Ritter

Infectious Disease Physician
Dignity Health

"The most innovative hospitals should be looking at SilvaClean to improve the patient bedside experience and the cleanliness of the patient environment."

Beau Lowery

Director of Sports Medicine
New Orleans Saints

"We evaluated the SilvaClean germ-killing technology in an effort to provide the cleanest environment possible for our guys, both on and off the field. We are very pleased with how this technology not only provides cleaner apparel/gear, but also impacts a cleaner locker room."

Adam Jarrett, MD

Chief Medical Officer
Holy Name Medical Center

"Our investment in SilvaClean technology is an investment in the people we care for and we're proud to fold into our comprehensive infection prevention program. The EPA's approval of this product highlights this as a proven solution when it comes to improving quality of care."
