

## Residual Antimicrobial Technology

SilvaClean® infuses your fabrics with the natural antimicrobial power of ionic silver, offering residual protection of your fabrics and creating a cleaner and more hygienic environment.

## Testimonials

***“Just walk in, make sure the light’s green, and that’s really about it. So that’s been something that’s been really good for us. It’s doing some things, and we don’t have to do anything, which makes it nice.”***

- Jimmy Luck, Jacksonville Jaguars Equipment Manager

***“Due to the ongoing pandemic, this season is unlike any other, and we were lucky to find an innovative partner like Applied Silver to help us enhance our safety protocols and protect our players and staff.”***

- Chris Aldrich, Anaheim Ducks Head Equipment Manager
